

**AHNA MEE, *BUSINESS DEVELOPMENT MANAGER***

Ahna brings Meritage many years of successful experience in customer relations and business development. She came to Meritage from Arista Midstream where she also served as Business Development Manager with a focus on the company's Paradox River project. Her background includes work for Momentum Energy Group LLC, Enserca Engineering and the Colorado Department of Transportation.

Ahna is skilled at working with producers to increase deliverability by finding the best solutions within gathering and processing systems. While she was at Momentum, Ahna worked on the company's Powder River Basin asset in Wyoming, growing the system through new well connects. Tom Hohn, President of Bermuda Energy and the Chalk Buttes pipeline says this of Ahna" "She really understands what producers need. She's terrific at facilitating relationships and making sure operating systems are functioning in a way that ensures success for everyone at the table.

Ahna is a member of the Board of Directors, Rocky Mountain Chapter of the Gas Processors Association (GPA), a member of the Gas Producers Association, the Petroleum Club, DAC Ambassadors, and IPAMS. Born in Grants, New Mexico, Ahna has lived all of her life in the Rocky Mountain West. She is a graduate of the University of New Mexico where she earned a degree in business.

Ahna enjoys living in downtown Denver. Her interests include travel, skiing and mountain biking. She is an avid Rockies fan. In her spare time you will find her at a game or planning GPA's annual golf tournament.
